Patient search

The patient search was conducted using the stem search strategy outlined below in conjunction with the patient search filter. 2009-2019, English only.

Databases searched:	Date searched:
Medline	24/5/19
Embase	24/5/19
PsychInfo	24/5/19
Total Hits:	Sifted results:
5445	407

Economics Search

The patient search was conducted using the stem search strategy outlined below in conjunction with the economics search filters. 2014-2019, English only.

Databases searched:	Date searched:
Medline	10/6/19
Embase	10/6/19
Total Hits:	Sifted results:
1096	43

Systematic review search

The systematic review search was conducted using the stem search strategy outlined below in conjunction with the SIGN systematic review filters. English only.

Databases searched:	Date searched:
Medline	03/09/19
Embase	03/09/19
PsychInfo	03/09/19

Dates covered:

1999-2019

Total Hits:
2300 (Deduped)

Sifted results:
956

RCT search

The RCT search was conducted using the stem search strategy outlined below in conjunction with the Cochrane HSSS_SP RCT filter or the SIGN Embase RCT Filter or [Cochrane Psychinfo RCT](#) filter. English only

Databases searched:

Medline
Embase
PsychInfo

Date searched:

Search strategies used for specific key questions

The following are the main Medline strategies used for this guideline. All conventions and symbols are from the Ovid implementation of Medline. Strategies used in other databases were substantially the same, though different terminology may have been used to take account of

different thesauri used in non-Medline databases. Search filters were added to identify studies of a particular type (systematic review, RCT, economics etc.) Listings of the search filters used by SIGN can be found on the SIGN Web site.
